"Women are oppressed by all religions of Light.  
No Female Priests can be found in Christianity,  
Moslem fundamentalists demand Women's Hair to be  
covered.

Eva (=Women) as the Eternal Scapegoat,  
We embrace Her for having bitten the Apple.  
Who Needs God's Paradise?"

Open the Portals to Darkness  
So that the Fire of Hell  
will Prevail  
Embrace the Wicked Beauty  
of the Darkest instincts  
Turn into a tender Goddess  
And the ultimate Queen of Pain  
Follow me on my Left Hand Path

And discover my Infernal Reign  
I will accompany you on  
your Abyssic Journeys  
You will find the Pleasure  
.... Beyond the Pain  
Be my Innocent Graceful Virgin  
By my lusty Gorgeous Whore  
Never question my Power  
Do Not Betray Our Flame!  
Deal with my Insanity  
Eternal You will Reign  
Oppressed by All Gods of Light  
Adored by the Disciples of Night  
Female Soul and Body  
Finest Piece of Art  
Cannot be God's Creation  
Bite the Apple Once More!
