"A Mile Away"

In your mind
In the flood
Won't you lead them to us
See the glare
Feel my skin
Take the fall take me in

On these walls
See my name
Have we lost our way
CH
In our lies, in my mind
A mile away, a mile away
Take me there let me in
A mile away, a mile away

Light the sun
Guide my way
Hear me call hear me say
Be my fall
Take my place
Save my life give me grace

On these walls
See my name
Have we lost our way

In our lies, in my mind
A mile away, a mile away
Take me there let me in
A mile away, a mile away

In our lies, in my mind
A mile away, a mile away
Take me there let me in
A mile away, a mile away
