A relationship I thought could last,
A hundred lifetimes
Now it's over and it hasn't even been one
You're the one who puts me through this,
And I don't even know why I try,
I love you from the bottom of my broken heart

Forever was a word that together we both said
Now I'm sad to say it had to come to an end
You're the one who puts me through this,
And I don't even know why I try,
I love you from the bottom of my broken heart

So how am I supposed to feel
When you don't wanna be with me
