When ever you feel like letting go,
And you've got your back against the wall,
Hold on, hold on, cause your undefeatable.

First place never settle for less,
What's the point in trying if you ain't trying your best.
They wanna see me six feet under but I'm watching my
steps,
Now everybody watching me like jay-z watching the
nets.

Don't see myself on a skateboard but I stay on my
grind,
Aiming for the top and I won't stop till I cross that finish
line.
I see it like the deaf I listen like the blind,
So if I can't hear them scheming I still see the signs.

I never count the days I make the days count,
They wanna take my crown so I swim when they wanna
see me drown,
Sile when they wanna see me frown, stand up when
they wanna see me down.
New and improved attitude you don't wanna see me
now.

They said I can't do it but I did it,
Now they love me all over the world cause they sat my
style is so prolific.
If I said it I live it, the black scott diss it.
Fresh haircut and a brand new suit lift up the trophy
and kiss it.

Whenever you feel like letting go, and you've got your
back against the wall,
Hold on hold on.
Cause your gonna take a few low blows, and I know you
feel those broken bones.
Just hold on, just hold on cause your undefeatable.

Tell the papparazi I'm going in tonight,
And if anybody wanna stop me there gonna need some

kryptonite.

I don't mean to sound impolite, but I been sitting here
waiting my turn,
So if you still don't know what a boy better know better
watch and learn.

I let my left foot rest on the side only my right foot's
touching the pedal,
Losing is not an option so I know I've got to come with
something special.
I'm a winner JME on my neck that's my gold medal,
I was underground now it's time to take this shit to
another level.

I never count the days I make the days count,
They wanna take my crown so I swim when they wanna
see me drown,
Sile when they wanna see me frown, stand up when
they wanna see me down.
New and improved attitude you don't wanna see me
now.

I got nothing to prove I sit back looking at the game
from a birdseye view then I make my move.
Never take my foot off the gas I'm a go hard till I blow
that fuse,
Cause the moment you feel like giving up that's the
moment you lose.
