[Giggs:]

SN1 on my t again, my black trousers D&G again (Yeah).
Looking like a G again (Yeah), that's right it's me again.
Think my big four 5s gotta flea in em. Think I've only
got one Mac, got three of em (ummm). Then you won't
see me again, time to get the white in and the B again
(Yeah).

Just got some high grades from Vesra, I'm a real G so I
gotta little extra (extra). I like hot girls cause I'm extra.
Thought about my lighty then I text her (woof).
Impressed her, thinks I'm on shit cause I'm doing it with
Skepta.

Take off your whole head top, Hannibal lector. Black
director shoot up shit then I cut in the Vectra (cut).
Orange? bud weed lookin nectar, strap a big boy spliff
sotum nester(ummm).

Had to breeze onto Chester gotta new flav link gotta
test er (Yeah). OOOHHHHH... potent white girl so I
pressed her

Hugh hefner pitch niggers like Scarface did hectar,
breeze in there like car chase with feds cah it's looking
like them chase wanna get ar.

I'm the best cause I ain't in the white game were the
best of... we got the best love. So come against us.

This is the ard shit. Makes you wanna lick out a
cartridge.

Look out you bastards, we push out the hard shit. [x2]

[Skepta:]

Now this might sound a bit cheeky but I don't even try
fam I make it look easy, naturally greazy. Me and
Giggs run up and take all the gold coins like Mario and
Luigi (pinng).

You wanna say sotum say it when you see me. Don't

phone me save your credit cause if you can't tell me
what happens after you die I don't wanna hear it(NO).
You ain't half a gangster nowhere near it.
Meridian that's my murdering force. Giggs beat the
sken in south I heard it in North and to hate we got Boy
Better Know t-shirts and SN1 wear for the whole world
to endorse course.
Norths up in this bitch, I don't know what you heard but
you can't take the piss. If you saw what the kick back
done to my wrist you would have never put my name on
your murder list.
Fam if you interrupt the vibe that I'm in then I ride ride
ride with my ting. So fuck them niggers everyday I'm
surrounded by killers like I was on a lifers wing.
See I'm a cool brudda with a heart of the wickedest,
violate me I squeeze this till it finishes. Then I switch
cliques like Hollowman switches chicks.
Rinse the machine like bombiy, I call that Buju Banton
light up your head like a lantern.
Boy Better Know standard Look Out that's the anthem.
Ask all the mandem, out ere in the grime scene I'm a
champion (CHEEEZE) Until I get a mansion I'm a keep
murdering spitters at random. Brapp!

[Giggs:]

This is the ard shit. Makes you wanna lick out a
cartridge.

Look out you bastards, we push out the hard shit. [x2]

[Giggs:]

Haha, what they gonna say now? How can you have a
hit yet? 2 bet nominees on one track. We can write at
home, but we wanna write in the studio and make it
look good. Gemee.
