Woo! New York, Sydney, Aris, London, (Background: I am) New York, Sydney, (Background: Your Child).  
These are a few of my favorite things.  
I was there for you when my heart turned blue.  
Love me so un-true, what's the use.  
You [and? me]; and we go round and round.  
What's the price tag now.  
Sold your dream for food.  
I have food, for me and you.  
(Background: These are a few of my favorite things).  
She said, I want your love, I want your love.  
(Background your love).  
You gotta love, I'll start it up (Your all I need) That one way love, can't get enough.  
(she gets that I need) (Background: These are a few of my favorite things).
