hat you want me to do?.... sorry.... I'm back (S-K-I-double L-Z)

It's not a diss song.... It's a real song.

It's ya boy SKILLZ,

and I'm fixin to act up

Since ya'll keep askin about the '06 rap up

yea, pull up a chair, i'll tell you what i'm gon do

for you and yours, hold the applause, this is the year in review

steelers stole the superbowl, let's give it up for them

and eminem he gave in,

got married to kim

the violence started hip hop was sorta rolling the dice

you hata's almost stole the life of the homie obie trice (that's right)

and then chappelle's show came back on

but after a few episodes it was clear he was gone

and i hate to see the homie dave go

but i love that show about the spoiled 16 year olds

and two indian chicks,

they damn neared had me cryin'

but she was like, "duh go get your hair done like mine"

what else, uhh let me see

that's around the time when cam came after Jay-Z

the oscar's got down with the p-i-m-p

and 3-6 kept it cool when they was on tv

then T.O. switched teams, but i didn't notice

cause i was getting some, getting some,

you know what i mean

dmx got bagged again, driving while black

while his wife did a hundred with his kids in the back

what you know about that, T.I. made it clear

you might sell but you won't top the king this year

and Joc and Nitty, came with a brand new sound

everybody went to the mall, it was going down

we all did the motorcycle two times with your shoulders

but after tom cruise did it,

for me it was over

Dick Cheney crazy with the 12 guage

and everybody and they mama got a myspace page

and yea we all got the 'itus'

mine is myspace dot com back slash 'your ghost writer'  
cheap plug, yea no doubt, take some chicken noodle  
soup  
let it rain... uh clear it out  
and russell and camora they decided to stop it  
and ya jeans had to have some designs in the pockets  
dallas austin,  
yea dude got screwed  
we ain't look at T.V. we just went to you tube  
everyday i'm hustlin  
yea that track was nice  
but it's not rap if you just saying the same thing twice  
the rumor was rihanna was doing jay  
christina milian went public, with Cool and Dre  
'just say i' was the first selection  
should have named it just say i,  
ain't selling no records  
and janet jackson flopped hard  
her album did so bad that jermaine had to quit his day  
job  
gnarls barkley dropped 'crazy' to the web on purpose  
that song was everywhere, even foxy heard it  
and cassie and la toya came on the scene  
but i was too busy doing my 'shoulder lean'  
lil kim came home, from doing the ben  
is it me, or when she came out she was looking like  
'big'  
time to switch up, rappers took it there  
wyclef and ludacris, they all cut their hair  
and ya boy ne-yo, he went with the baldy of course  
but if you seen his hair line, he didn't have no choice  
the divorces got bad then downright shook you  
first bobby and whitney then k-fed and britney  
and k-fed, your rap career is through  
ron artessa almost sold more cd's then you  
nas said hip hop was dead, but northern cats  
spent all year trying to bring new york back  
ya'll need to lighten up son, get a hug  
the only time new york came back was on the flavor of  
love  
and T.O. took pills, tryin to get himself higher  
but if your like me, ya got hooked, watchin the wire  
man boodie should have looked over his shoulder  
and we know because we had the bootleg before the  
season was over  
a lot of rappers got shot, and didn't shoot  
word on the street is they got dropped by chris and  
snoop  
pharrell and Kanye put number 1 to work  
you looking suspect gay, button up that shirt  
ya'll fools must be crazy,

if you thought that i, was gonna forget about lil wayne  
and baby  
i know ya'll dudes for being flashy, but with ya'll teeth  
now ya'll kissin' , that's just nasty  
and mel gibson, he took a loss  
your record got no push son, if jay-z was your boss  
to get a PS3 , you had to hunt  
and snoop got the record for getting arrested the most  
times in a month  
beyonce said dream girls was heaven's sin  
but i hear that girl's been dreaming about getting a  
breath mint  
her man HOV came back hot,  
he was like i'm so independent flex, that i might buy  
cops  
that's good business jay, do that, yea  
cause cops they had two big records this year  
ya boy stout, might advise you to go that route  
cause everybody was ballin and walkin it out  
but not everybody really, cause A.I. he's still ballin, he  
just ain't doing in philly  
kramer dropped the n word, man dude is crazy  
so madonna, won't you show him your new baby  
justin timberlake brought sexy back  
is it me or he was trying to get next to the blacks?  
we lost dillon and ed bradley and my man proof  
gerald levertt big phil, and professor x too  
this a crazy world, hope it's better in heaven  
still signing out dog, 2000 and 7 Yea
