I know it has always felt so good to be with someone
new
But when he leads me in his room all I think of is you
And in this situation I can't stand to face myself
Hazy eyed, broken by the piece of you that's left

What can you do when you have nothing to prove?
And you gave him your all
I feel so small
What can you say at the end of the day when your
feelings are numb?
All you want to do is run

Hold me down
I'm nothing more than a quiet sound and you're far
away
Here's the words I have to say

I feel like I've almost made myself change into
someone new
But tell me how can I go on when you can't look me in
the eyes?
The signs were clear the end was near but tell me what
has changed
Yeah you're with her and nothing more, you think you
have it made

All I have left to say is
I can't take it, Oh I can't fake it
I still love you, and I can't change it
So tell me is this television where nothing's real and I'm
just wishing

This is how I feel even if your ears don't want to hear it
anymore
This is who I am, this is who I am
