"I Know"

When I look into your eyes
I find the reasons why
I can be myself when others feel they have to try
Nothing in this world has ever seemed so lovely
As soon as you walked in and left I knew it had to be

And I want to say I know that I have not been the best I
know
That sometimes I'm far but you are always in my heart
And though I may go I will come back to you
This I know

I find peace to know you see me in forever
I can trust that you won't try to break my heart
Even with the bad I know I need your friendship
You'll stick by me even when I start to fall apart

And there are times when I know I am wrong
And I know that my life may change

You break the mold of everything that's tried to hurt me
I finally feel like equal love is not a dream
Your pure intentions seem so perfect everybody sees it
Faithfully I want to be as perfect too
