I've been walking in the rain just to get wet on purpose  
I've been forcing myself not to forget that I feel worse

I've been getting away with it all my life  
Getting away with it all my life

However I look it's clear to see  
I love you more than you love me

I hate that mirror, it makes me feel so worthless  
I'm an original sinner but when I'm with you I couldn't  
care less

I've been getting away with it all my life  
Getting away with it all my life

However I look it's clear to see  
That I love you more than you love me
