Iâ€™ve seen a picture
Of you and me
Youâ€™re looking violent
Iâ€™m looking pleased

You got a face like a television
That keeps switching off
Iâ€™m a free believer
But thatâ€™s not enough for you

Chorus
You gotta take me on
Gotta give me what I want
Gotta take me on

Donâ€™t need a saviour
Donâ€™t need a queen
Gonna win with the sinners
Gonna sin where youâ€™ve been

Press the button called spacebar
So we can see what you mean
Iâ€™ve seen the future
But itâ€™s not enough for you
