What we come to do
We've come to kill the whole of them
We come fe slay the whole of them
And put them back inah dem grave
Repeat
We ah vampire killer we ah demon crusher
No bodder investagate we did the murder
Repeat
Down in a canyon near beverly hills
The zombies they are active filling their heads with pills
Drinking the blood of every clan and tribe
Resting in a coffin das how dem stay alive
From transilvanya they moved to hoolywood
And they're growing and they're thriving
From the yoots of the hood
Flying about and sucking blood each night
Know we have to cut their wings and stop the demons
flight
Surch out the place like a bounty hunter
But the one we want we want that is the master
Saturate the place with holy water
Drag dem out in day light and watch dem burn an
suffer
We ah vampire killer we ah demon crusher
No bodder investagate we did the murder
Repeat
Middle eight what we come to do
We've come to kill the whole of them
We come fe slay the whole of them
And put them back inah dem grave
Repeat
Do you know the way too handle dem
Wow wow wow wow wow wow wow
Stake stright thourgh their heart the end of them
Wow wow wow wow wow wow wow
Hang them parisites it is a must
Wow wow wow wow wow wow wow
Slay dem kill them turn dem back to dust
Surch out the place like a bounty hunter
But the one we ahfe lick dat is the master
Saturate the place with holy water

Drag dem out in day light and watch dem burn an
suffer
We ah vampire killer we ah demon crusher
No bodder investagate we did the murder
Repeat
