I'm a good guy
And I like the good girls
So you see why I'm a little confused
Cause you're a bad girl
And you like the bad boys
But you're just so good I couldn't refuse

So I leave my safe life
I break my boundaries
I put myself out on the edge
So you can notice it
But it's not working
So I have to go more extreme

I break myself over you
But you seem to like the way
That I sing you songs of how you're beautiful
If you thought that was cool
Check out these scars and these bruises

So I lit the candles
And I saw you out chillin'
You were ready for something impressive
I mean after all
Our first date should be incredible

So I did a knife trick
And I drew the drumsticks
A couple scratches on my arm
But you didn't seem alarmed
But I felt your heart warm
And I've seen you and I knew

I break myself over you
But you seem to like the way
That I sing you songs of how you're beautiful
If you thought that was cool
Check out these scars and these bruises

I break myself over you
But you seem to like the way

That I sing you songs of how you're beautiful
If you thought that was cool
Check out these scars and these bruises

I knew you'd fall for me too
You like my scars and my bruises
