13 weeks In dreamland
14 nights In hell
15 days a free man
16 nights as well
17 hours of anger
18 more I've planed
19 days of choking you
13 weeks In dreamland

I know your darkest dreams
I taste your misery
I'm the girl that you fear
A Cybernetic Queer

Bye bye
Bye my little baby
You've gotta take me as I am

Cry Cry
Cry you little baby
Your the virgin who said maybe
Will you say It again

I fell asleep on a bed of nails
I tossed and I turned as my flesh grew stale
Did a 30 day show In a one night stand
15 weeks In dreamland

I know your darkest dreams
I taste your misery
I'm the girl that you fear
A Cybernetic Queer
