Who's gonna make their life count?  
Gonna make their life count?  
Who's gonna make their  
Who's gonna make their  
Who's gonna make their life count?  
Gonna make their life count?  
Gonna make their life count?  
Who's gonna make their  
Who's gonna make their  
Who's gonna make their life count?

If you got breath, then you're part of it  
Sometimes like a maze, you get lost in it  
The bed you make, you better lay in it  
If you don't try, you'll never know.  
The living dead don't say a lot  
And if you don't roll the dice you'll never lose a lot  
Put it off today and say you'll do it again  
But what are you all waiting for?

Who's gonna make their life count?  
Gonna make their life count?  
Who's gonna make their  
Who's gonna make their  
Who's gonna make their life count?  
Gonna make their life count?  
Gonna make their life count?  
Who's gonna make their  
Who's gonna make their  
Who's gonna make their-  
And live it everyday,  
Everything will work out that way  
You hear what I say

I know you're able to hit the spot  
If you crack this safe you can take the lot  
From oranges you can't make lemonade  
But you know some fools, they always try  
Look at your life, are you satisfied?  
Can you really take the pain that you hide inside?  
Living in a glass house throwing bricks  
So what's inside is all on show

Who's gonna make their life count?  
Gonna make their life count?  
Who's gonna make their  
Who's gonna make their  
Who's gonna make their life count?  
Gonna make their life count?  
Gonna make their life count?  
Who's gonna make their  
Who's gonna make their  
Who's gonna make their-  
And live it everyday,  
You gotta make it happen and do it your way  
And live it everyday,  
Everything will work out that way  
You hear what I say

So stand up and be counted  
Make them know that  
Who's gonna make their mark  
And who's gonna make them  
This is a competition  
So you got to make a decision  
So uno get on your marks  
And get set  
And get ready  
And go

I'm gonna make my mark  
Mark my mark  
Make my mark  
Make my mark  
SAY IT!  
[[Repeat]]

And live it everyday,  
You gotta make it happen and do it your way  
And live it everyday,  
Everything will work out that way  
You hear what I say

Live it  
Live it  
[[Repeat]]
