[Intro: Hell Rell]

Yea this sound like a movie right here
Well fuck it, here go the soundtrack!
Bullets & Gunsmoke! DIPSET!

[Hell Rell]

Now...

If we was playing pro-ball, every game I'd be slamming
on 'em

Step on my competition, yeah Duke I'm standing on
them

I ran up on 'em, pussy ain't have his hammer on him
pulled the cannon on 'em, blammed it on 'em, 'til I
jammed it on 'em

I got some A-rab's hitting me with coke
And when we on the phone we be speaking in some
codes

A camel is an ounce, a kufi is a brick

Tell him I need 5 kufis, and meet me on the strip
Yeah I know "Stafalla", but I'm tryna cop some cars
Run up in the club that's popping and cop the bar
And everything I hear is garbage to me

You know where I be faggot, bring the drama to me
I'm Presidential nigga, Bush'll pay homage to me
I'm putting in alot of work man acknowledge a G....

Yes, yes, a G I am, holla if you need some grams
I'm poppin off by myself I don't need no Cam
I don't need you Jim, Juelz I got these niggaz
I don't care if they small or some stocky niggaz
I just grace 'em then erase 'em, I forgot these niggaz....

What they name again?....What they claim again?
Yeah these faggots hated, cause I'm they rappers
favorite

You procrastinated so I got you assasinated
Shoot 'em up, bang bang, bullets in his Red Monkey's
Thought he was a gorilla? Nah, he a dead monkey

[Hook 2X: Cam'Ron]
