My generation no direction, my generation no opinion.
my generation in a soundbite, my generation isn't quite
right. and generation x will rise up from the ashes of
it's own mistakes. and we will find our way to a new day
or else we'll die in the effort. my generation on a talk
show, a generation without gusto. my generation in a
sit-com, my generation is a timebomb. and generation
x will rise up from the ashes of it's own mistakes. and
we will find our way to a new day or else we'll die in the
effort. my generation in a tabloid, my generation in a
dark void. my generation full of losers, my generation
is the future. and generation x will rise up from the
ashes of it's own mistakes. and we will find our way to a
new day or else we'll die in the effort.
