Should've know it was a big mistake when I met you.  
can't even figure out what went wrong. what did I do? I  
hoped for a future that would be so bright. I thought I'd  
be with you forever. and now the day has come and all  
the fun is through. I knew I'd love and end up being  
hurt by you. now you call me on the telephone, what did  
you think? I wouldn't even want to get you back I can't  
trust you. I hoped for a future that would be so bright. I  
thought I'd be with you forever. and now the day has  
come and all the fun is through. I knew I'd love and end  
up being hurt by you. now I'm doing things all alone,  
I'm back on track. and there's no way that I'll ever want  
to take you back. I hoped for a future that would be so  
bright. I thought I'd be with you forever. and now the  
day has come and all the fun is through. I knew I'd love  
and end up being hurt by you.
