Ne, two, three, four... dehumanize! [x8] I can't stand the way you treated me! like I'm less than you, where's the honesty? I think I know what it is you owe to me! don't understand your high brow scrutiny. one, two, three, four... dehumanize! [x8] don't value you, your opinions or what you say! don't give a shit about who you are anyway! burn your bridge when you walk it, what a shame. you're so pretentious as you make your name! one, two, three, four... dehumanize! [x8] you're quick to judge who's right and wrong! make others weak to say you're strong! don't want your halfhearted, lame apologies! win no awards for your diplomacy!
