What do you see? I can't tell. is seeing really believing?
what do you like? I don't know. I end up losing in this
guessing game. so I stop guessing because you
change your mind. you're not so simple to define. you
see things differently and so do I. it's not so easy to
see eye to eye. why are you stubborn? I don't care. you
seem to think you're really nice. what is that color? you
tell me. you say it's black, I say it's white. so I stop
guessing because you change your mind. you're not so
simple to define. you see things differently and so do I.
