The ending of another day-my thoughts don't have to be this way my leisure time is spent in vain-my story's ending! [chorus:] standing on the outside looking in-sun falls down on me burning every aspect of my skin-who else could I be? thinking that it would never come to this-how naive of me future never seemes as dark as this-it's reality with frozen heart and probing mind-the answer I may never find the others see there's something wrong-my will is bending! [chorus] with diligence I will survive-no prejudice or hate to hide with shackled arms I'll do my time-my chains are breaking!
