Mammoth bitch holds Gyney down forces him to  
perform cunnilingus on her  
snizz  
Quivering clitoris open gash, like a roast beef  
sandwich, tongue probing  
force finger fucking her ecstasy makes him queasy,  
she used no masengil or  
summers eve  
Her pussy spews cottage cheese no vagisil for the  
yeast, gonorrhoea or herpes  
If he makes in out alive gynelotramin he'll proscribe.  
He wants to stop but she grinds his face into her  
diseased box he barfs all  
over her crab filled crotch the warm puke turns her on  
Puss cums, piss squirts, lumpy jizz, rotten fish  
Climactic quake from the raunchy beaver the flapping  
beef creates a breeze  
Catch a wiff of the toxic emission it hits him she  
sputters and splatters  
the juice in his face  
Her slice is rotten, his mouth is frothing contagious  
STD's contracted  
orally  
The cooter sandwich malignancy, the gaping chasm is  
made of beef  
Senses evaporated, taste buds annihilated he is  
cuntaminated.  
Cuntaminated
