"The forecast calls for destruction tonight, death for tomorrow, and Armageddon by the weekend. This could be the end of life as we know it"

Cold steel, surgical dissection of memories lost to plague  
Lay to waste the newly spawned  
Our existence here has been dead and gone  
Blood drenched nihilistic slaves, iniquity guides their path  
Furthest point from purity reached to death  
We're free...at last!!!  
Once surreal dreams came true, smothered in a slumber unknown  
Caustic, blinding, bleeding, light, choke a last breath and die  
Exiled to a prison wall of death, placed by the hand of fate  
The madness of oppression onset, insight has now been plagued  
Counter creature now exposed, beast of madness and loss  
Blood drenched nihilistic slaves, iniquity guides their path  
Incessant depletion of life, loss becomes our way  
Negativity carries us on and shall carry our carcass away  
Bleeding, dreaming, conceding to crush ourselves  
Lose regard for self-worth, fear no pain or wrath  
Extract yourself  
For all the bleeding, dreaming, conceding to crush ourselves  
Lose regard for self-worth, fear no pain or wrath  
Extract yourself corruption of our vision, blinding indecision  
A black interpretation of our souls  
Last expression, vast introspection yeilds a dissection of my soul  
Cold steel, surgical dissection of memories lost to plague  
Lay to waste the newly spawned

Our existance here has been dead and gone  
Furthest point from purity reached to death  
We're free...at last!!!
