holding witch hands
dream the whole week
radiance hissing rodent speak
elective evil once started
shot struck home so it goes
inches towards flattened back
on all fours drawn and racked
doesn't mean a thing
nature perverts itself so it goes
so what the hell let it grow
regret so full of haste coming clear
piss in blood
no one should ever have to
cut assemble resembled
played out wording disturbing
quiet saying relaying
a message raising cain's revenge
got a few no fucking whacked house of cards dealing
smack
crimson scolding driving told im never holding one
thing
back credit full of nothing slither here one thing back
licking dogs no hook no song feeling high fantasize
wonder
why suck them dry choppy waves take a dive
crash enable disabled
effect not carried no power in
quiet playing resaying never more never again
distort the monomaniac
delivering the blow
core rotten bone
distort the monomaniac
black mass held upon the radio
doesn't mean a thing
be it what or ever could
doesn't mean a thing
sinister creation doesn't mean a thing
evocation of the dead
moses forbidding it
doesn't mean a thing
worm like ticking art worth shit
we play upon the things we fear

the smell is foul where does it fit
screw yourself go screw yourself
no one should ever have to
how do you sleep when its still alive
never to deep take a look inside
