Dig it dig it  
Love cannot attach itself to binding ugliness  
Rot in silence to advise life the point at hand  
Indifference resolving of each others needs  
Dress it up in false kindness create empathy  
Hungry lie beside name your game  
Feelings feeling sorry that I ever came  
Dissolve taste sweet nothing corporate nothing  
Illogical of own accord with choice of politics  
Open your eyes to verify the life experience  
Practitioner of medicine belong until the end  
Bringing hope scars the point extend eternity  
Dig it dig it  
Execute economic slave  
Dig it dig it  
Feel it unearthly remains  
Dig it dig it  
Freedom as an offering  
Dig it dig it  
Ask again  
Flesh and bone attach itself to ancient monuments  
Unsurpassed except for us unheard violence  
Debarutre from the fragrant ledge fallen magistrate  
Give it back a claim to right value ecstasy  
Hungry live decide name your game  
Feelings feeling sorry that I ever came  
Sugar and water dissolves the taste sweet nothing  
Dig it dig it  
Execute economic slave  
Dig it dig it  
Feel it unearthly remains  
Dig it dig it  
Freedom as an offering  
Dig it dig it  
Ask again  
Boils bitten haggard pick vomit kicking out  
Razor slide black eye shroud brain bespattered jaw  
Retaliate begrudgingly precise as what it seems  
Fear of claim upon the cyst pent up carnal grin  
Live decide name your game  
Feelings feeling sorry that I ever came

??? too far away game game ??? grave  
Dig it dig it  
Execute economic slave  
Dig it dig it  
Feel it unearthly remains  
Dig it dig it  
Freedom as an offering  
Dig it dig it  
Ask again  
Ask again  
Ask again
