Attached in awe, what an abashed hate filled culture of
viruses, born raised and infected with violent thought,
to set it off defend the wrong incite the thing to bring it
down, to bring it down, to bring it down, to bring it
down,

The panic of in a moments timebomb the artfull dodge
to fabricate a polarizing opposing political intention to
keep it poor without a choice so full of fear are peoples
eyes.

????? warm clotting ????? meet the maker of the
holochost, get pockets picked, up ????? mortal law. To
face the truth we're banished from ????? defend the
wrong, incite the thing to bring it down, to bring it
down, to bring it down, to bring it down,
