miles cable claws driller killer ripping holes tattered  
cloth stained  
regaining the weather acid rains so sweet sweat  
streaks downpour  
on humidity colder time talking hints watching tests the  
heat mangled meat  
retaliate no blaming in future dreams could you have  
stopped it  
from happening best left spectator spectacle time  
spaced fast paced  
farther down all that trigger guaging cause kills at will  
melted prophets book  
burning how undone written slurs the meaning the past  
they will repeat  
hard to hit so unbeat melting prophets the past melting  
undone misted  
fable role altogether mutating chains rattle happy to  
perform either  
war or famine no where arid food growing warming  
trends a place passive  
cows to feed the weak product waste give back nothing  
orders come in  
make a million living things suffer hidden glad  
garbage body bag what  
of that change that could save everything that paper  
shredder patent tender  
puts us back in time again budgets that burst with oil  
crude gas in  
purse no compassion common criminals seek asylum  
concrete pillow exxon dreams  
hidden hiarchy no one in power taking blame
