I think I'm water  
I sickness grows inside  
Help me out of it  
"You are a light"  
"You are a sound"  
"Drift within"  
"This is your body"  
I decayed and rot away  
Your bloody mind's set  
"Did you get lost on the trip"  
You don't know me  
"Did you get trapped in memory"  
You can't heal a soul  
"Did you forget"  
??? fear walk till one A.M.  
"What did you do"  
Last morning  
"You brought your own mind games with you"  
Little one or two  
"You had to make it a bad trip"  
No color  
Darkness flesh pot  
Mind reflecting  
Through the paint of a picture  
Cracks of the believable vision  
In turn in bone  
Watered down  
??? take ingest it  
Poison  
The cross repeats astounds  
Presenting a sight  
"Quiet dormant sea of light"  
Visual betrayal  
Last rights denied  
??? trails a long road inside  
"Buried"  
"A mass grave"  
Mind has defeated  
The stain of disease  
Dirt lipped motherfuck  
Chose a life of ease  
Hard to believe

When ??? falls  
Takes a soul  
Travels a trip to the edge of it all  
Why can't they see  
I'm still in control  
Starving eyes  
"Quiet dormant sea of light"  
??? lifeless  
Last rights denied  
"Buried"  
"A mass grave"  
Medicated eyes  
Feast through expected  
The controls  
No one right  
"Soft, it's soft, tissue soft"  
It's a decision  
??? toss this coin head or tail  
Cause effect breakdown  
Inexperience fails  
"Lift...and fold it's soft tissue soft"  
Washing the hands  
Pointing his way  
Washing the hands  
Pointing his way  
"Sink chant over to a dark fertile marsh"  
Washing the hands  
Guilt and denial  
Washing the hands  
Pointing away  
Washing the hands  
Pointing his way  
Washing the hands  
Point of denial  
"Sink, sink into a dark"  
???  
Who were the righteous ??? that be so ???  
"In this mirror of confession"  
No guilt  
I see no guilt  
"What do you see there"  
No guilt  
"Your personality"  
In experience fails  
"All your goals, all your fears and your ambitions"  
My fears and my ambitions  
Hey, it's ok  
"The chess game of your life"  
This world is ???  
"You gotta check that"  
"You can't take that on the trip with you"

??? dealing ???  
"All those animal impulses that you hide"  
Way down way down  
"And keep down below"  
"All this baggage too must be checked"  
I wouldn't expect it could be  
I never knew  
"Can't take that on the billion year voyage"  
Never wanted to welcome water  
Poison  
"Are you ready"  
"Then take this chalice"  
"The elixir of life"  
Weakness sickness grows inside  
Weather  
Wishing you could grow up
