level edge backs against the ledge no knives the stone  
hard eyes without the longing or  
fear that it would disappear they cling on nuturing  
never ending obsessions on the table  
lines needed walls cover tips the balance don't touch  
me wiped out cornering mouthed the  
word money head shake handshake out to get a long  
way from corrosion pushes closer to  
the edge wired not connected peeling back plastic  
wrap tinted green and all illusion  
existing caught up crossfire trading tall tales where are  
you going where do you fail  
whats that mean back and forth side by side loose knot  
weave keep it up altogether or  
whatever that means passing underneath the trespass  
dont get to close mouth the word  
your money if I fade I may and I want to fade away all  
that I do is pray that you will  
be there too if this were trying to deceive some minds  
what the hell do you got to say?  
altogether
