(high vocals that start in left channel):

??? somebody
Such a chemical
??? someone ask me
Rain, rain, rain, rain on a b note song
??? I keep trippin with that same old paw
??? for the future
red same old ball
Keep skipping up that dumb wall
The chemical represses all
I don't wanna let it happen
I ???
On a street on a corner
Ooh, I don't want you
I keep trippin
I get a vision of all
I got to get it
I got to go where I always was
I don't know
I keep skipping
I want to find a type of drug
Time is your reach, reach out
Time for your cancer melt
Your lines
Its cute

(Low vocals that start in right channel):

They take ??? species of canine to the end
When I had that position they would take these nails
and drive them through the skin at the edge of my
fingers
On both hands so I wouldn't move them anymore
On both hands so I wouldn't move them anymore
??? plastics caps put them in my head
Up the back of my head
They would take the ??? start drive down it would, I
would quiver put my eyes in the position ??? back
22 yards
When I had that position they would take these nails
and drive them through the edge of the skin
Through the edge of the skin
When I had that position they would take 200 nails and
drive them though the skin at the edge of my fingers

I couldn't move them anymore
I couldn't move them anymore
