Binge cringe on the fringe sloppy mincing eyedropping
biopsy cyclops overlooks optic
options rotten showstopper skinpopper babbler dabbler
self confessed criminal tore
pen in vain instant still spellbound game stock talk back
rock reencounter incident
subsistence is inexistant non committed unwitting
oblivious habitual resistor buff the stuff
roughed up edge fluent nudge pre-collect ignition
motivation inexistant wasted views
that's all they see blue hot blood guild optic nerve with
the right attitude you will
succed blue self abusive recluse too late for me make
shifting peace settling crazy doing
things keep your eyes open you know soft spoken
changes nothing a view so cruel dogs body
comatose torchlight roast disinterest disinfect retold
impressed by possession
insiders know refresh detained contest off and pure
sure tonight it feeds itself freeze in
time or shadows climb distractions override instincts
evolve and try over and over
wasted truth why call at all blue hot lines eventual
decline with the right attitude you
will succed blue resent that discontent sidestep define
the state of things so far crazy
things a view so cruel (from the Rabies Album)
