broken alice  
holy pat on the back  
and back and back  
force open wide  
no way back  
she whispered  
lizard kiss rhetoric  
[Who's laughing now?][sample]  
bitch  
pass on answering psychobabble  
with no security  
power escapes to the toilet room  
in the lew of its own reflection  
she really knocks me out  
she sits she pukes her point  
whoever will listen  
paranoid doubts  
shes really rocked out  
she moves her mouth  
fault  
pat on the back and back and  
pat on the back and force it  
[God forgive me for what I've unleashed][sample]  
she sits she listens she moves her mouth she sits she  
pukes its her fault  
[God forgive me for what I've unleashed][sample]  
whatever intelligence  
fault push down  
with the purest crystal around  
push it in  
whisper name feel it a double  
[We are the things that were and shall be  
again][sample(Evil Dead2)]  
[May God forgive me for what I've unleashed][sample]  
weighed out games invoke  
she mixes knowing that  
[We are the things that were and shall be  
again][sample(Evil Dead2)]  
[May God forgive me for what I've unleashed][sample]  
all wont upset herself  
[Who's laughing now?][sample]  
lizard kiss

[Who's laughing now?][sample]  
strung out break  
mutilate all they see  
on the neck in  
and over top  
of what appears to be real chill  
and tempt eye  
no time to see reality  
broken alice  
?????  
[May God forgive me for what I've  
unleashed][sample](x2)
