I can't explain you the world
You also must not listen to my words
But I will give you this on your way
Don't be a fool, don't follow or pray

Lost sometimes my trial
Cold blood, heathen up fast and vile
So I know very well
How to be a fool, often went to hell

A-I-I- I ever know -I call it my own
A-I-I- of my little sins -the good times and evil grins
Always fooled around- the drinks, smokes kicks and all
the shouts

Like the stories of an old man
To tell you from a life you've never lived
If you won't listen to these words
Fuck, 'cause you've to make your own mistakes

A-I-I- I ever know -I call it my own
A-I-I- of my little sins -the good times and evil grins
It is saved in my heart- but that's nothing for me, to be
proud about
It is saved in my heart- but that's nothing for me, to be
proud about
It is saved in my heart- but that's nothing for me, to be
proud about
It is saved in my heart- but it's nothing for me...
