Grown up being a young a man
Iâ€™ve learned I canâ€™t trust anyone
Fight all the fools who canâ€™t understand
Those kicked their dreams in the garbage can
The whole facade began to break
But Iâ€™m against- like a rock in the waves

Back in the days when I was a child
Nothing known- everything right
Surrounded by a beloved family
Sort of clich  as in the movies seen
But at a point, all turned out as a fake

You know Iâ€™m standinâ€™- standinâ€™ where I belong
I am standing here- since day one
You know Iâ€™m standinâ€™- standinâ€™ where I belong
But I am standing all alone

Grown up being a young a man
Iâ€™ve learned I canâ€™t trust anyone
Fight all the fools who canâ€™t understand
Those kicked their dreams in the garbage can
Iâ€™m against- like a rock in the waves

2x
You know Iâ€™m standinâ€™- standinâ€™ where I belong
I am standing here- since day one
You know Iâ€™m standinâ€™- standinâ€™ where I belong
But I am standing all alone

You know Iâ€™m standing where I belong
Standing against since day one

2x
You know Iâ€™m standinâ€™- standinâ€™ where I belong
I am standing here- since day one
You know Iâ€™m standinâ€™- standinâ€™ where I belong
But I am standing all alone
