No backup, lost out there  
All alone, standing and stare  
Mama's voice clang in my head  
1000 needles, blackened, braindead  
Cut from relations, from the past  
No need to look back  
Take a seat, find a place  
Take a ride on the train of regrets

She told me the rules  
Boy, stay away from the fools  
But I was driven by sin  
Gave the death a grin  
Balancing on the knife's edge  
Ignore the fact, that there is no happy end  
Take a seat, find a place  
Take a ride on the train of regrets

All the things you've ever done  
Led you directly into your doom  
Fill the hole of emptiness  
But sorrow soon will you catch  
Even if you flee far away  
In the end, you are knocking on the doors to hell

No backup- left alone- lost - stand and stare  
Mama's voice- in my head- pain- feels so braindead  
Take a seat, find a place  
Take a ride on the train of regrets

All the things you've ever done  
Led you directly into your doom  
Fill the hole of emptiness  
But sorrow soon will you catch  
Even if you flee far away  
In the end, you are knocking on the doors to hell

All the things you've ever done  
Led you directly into your doom  
Fill the hole of emptiness  
But sorrow soon will you catch

Even if you flee far away  
In the end, you are knocking on the doors to hell
