:

I tried My Best to make you mine  
But I Don't Know How to connect This Line  
And Maybe this is not the time  
Cause I know we're not on the same rhyme

I hope You're always there  
Listening when I share  
But how can I touch Your hair  
If you don't even care

:

I can't get you out of my mind  
While my heart beats fast on the same time  
You see, I'm so sincere to you  
But I don't know how can't I get trough

:

:

You make me feel high  
When I'm going to sigh  
You're always make me laugh  
With my teary eye  
Please hold me so tight  
When I start to fly  
Don't ever Let me go cause I'll take you  
To The Sky

And even though you always make me cry  
Now you broke up my heart  
And It's gonna die  
I will do my best to make it up to you  
So that I can get trough

:

I'm standing here in front of your door

Thinking of you more and more  
I'm wondering what you're doing now  
And what is all about

:

You make me feel high  
When I'm going to sigh  
You're always make me laugh  
With my teary eye  
Please hold me so tight  
When I start to fly  
Don't ever Let me go cause I'll take you  
To The Sky

And even though you always make me cry  
Now you broke up my heart  
And It's gonna die  
I will give my all to let you know  
That I LOVE YOU SO!
