

## The Brilliance

### "Around The Earth"

Visit "[Around The Earth](#)" on [MotoLyrics.com](https://MotoLyrics.com)

If I call you my friend will you  
Show me how to live again  
I guess that all depends  
If we're strong enough

Oh if the sun won't shine today  
I'll search for the sun around the earth  
And if your love won't come my way  
I'll search for your love around the earth

If I call you my friend will you  
Say you'll never leave again  
Stick with me until  
Until the end

Some say that love  
Some say love starts with a friend  
Lady aren't we the  
Best of friends.

Oh if the sun won't shine today  
I'll search for the sun around the earth  
And if your love won't come my way  
I'll search for your love around the earth

If I call you my friend will you  
Show me how to live again  
I guess that all depends  
If we're strong enough

Oh if the sun won't shine today  
I'll search for the sun around the earth  
And if your love won't come my way  
I'll search for your love around the earth
