"It's Over"

I consider a crime
And a waste of my time
Oh you don't love me anymore

You tell me everything's fine
But I know it's a lie
Oh you don't love me anymore

Because it's over
You know it's over this time
It's really over
You know it's over this time
You know it's over

I took a walk outside
To talk a look in my mind
Oh I don't know me anymore

You try to take what's mine
So I had to draw the line
Oh you don't know me anymore

Because it's over
You know it's over this time
It's really over
You know it's over this time
You know it's over
