

The Browning

"The Sadist"

Visit "[The Sadist](#)" on MotoLyrics.com

You are a sadist of your youth
You can not be forgiven
You want to be forgiven
Then go and die

You will not forget this day
No one can change you
You will forget my name
No one will save you

No one will save you
No one will save you
Save yourself

You are sadistic
If you don't stop
Then I will never
Speak your name again

You are a sadist of your youth
You can not be forgiven
You want to be forgiven
Then go and die

You don't know what you have done
You will never live this down
I don't fear you
