Sitting by the palmtress in the last oasis

Visions into my fantasy full of mystery.
Dune after dune in the ocean of yellow sand

Wind is blowing silently in the Sahara Land.
Camel by camel
camel by camel.

I can fly all over a Gold and desert sea

I feel good on my loneliness Just Gibly and me

Colours and perfumes in a crazy romance

Caravans moving easily in the camel dance.
Camel by camel
camel by camel.
I try not to remember
no memories.

I'm looking for a new dimension
new life to live.
Camel by camel - mysterious places
perfect harmony.
Camel by camel - this desert night is changing my
destiny.

Sitting by the palmtrees in the last oasis

...

Camel by camel
camel by camel.
I try not to remember
no memories

I try not to remember
