In the still of the night  
I held you, held you tight  
'Cause I love, love you so  
Promise I'll never let you go  
In the still of the night

I remember that night in May  
The stars were bright above  
I hope and I pray to keep  
Your precious love

Well before the light  
Hold me again  
With all of your might  
In the still of the night

So before the light  
Hold me again  
With all of your might  
In the still of the night

In the still... of... the night
