Look in my eyes, I'm dying.
Maybe you're all wrong for me,
Maybe it's all wrong to stay here through the night.
I'm dying waiting for you.

Tell me that you love me,
Tell me it's all right,
Tell me that I'm wrong.
We're bent on leaving.

The stars in the sky, they'll be all right,
That's what we're waiting for.
The stars in the sky, they'll be all right,
They're not worth waiting for.

Look in my eyes, I'm lying
Saying you're all wrong for me,
Saying that it's wrong to stay here through the night.
I'm dying waiting for you.

Tell me that you trust me,
Tell me it's all right to push our love aside.
I'm bent on leaving.

The stars in the sky, they'll be all right,
That's what you're waiting for.
The stars in the sky, they'll be all right,
I'm not worth waiting for.
The stars in the sky, they'll be all right,
That's what you're waiting for.
The stars in the sky, they'll be all right,
I'm not worth waiting for.

Waiting for the train to arrive... (x4)

This is all you're gonna get in the end,
It's all you're gonna get now.
A rapid drop that doesn't have to seem mellow at all,
for lack of words.
It's gonna break you down.
Well, I'm quite hesitant of things that you've said.

God only knew you'd drop a match in my lap in the end.
But it's all right,
I swear I understand how spreading of the legs could
be a pact between
Friends.
And now I quiver with pretentious delight,
Your mold and mildew spreading miles in sight.
One more night, my chest tight, I grab your leg with my
hand.
What we planned hit the fan.
What we planned hit the fan.

Spread your legs one more time before I say goodbye.
Spread your legs one last time before I say goodbye.
