[Verse 1: La Chat]

It's been a long night I aint got a apetite  
So full and gone off dem muthafuckin' Bud Lights  
Can't even lie I be drunk (shit) full of dem beers

My head is spinnin' super fast aint no stoppin' now  
At the level now I'm searchin' for da marijuana  
Can't find no dro' now I'm sick on grandma's last

The way I drink it let me know it is my favorite sin  
That Icehouse (oo) I'm strung out on da couch  
Before I leave I'm guaranteed to take a nigga mouth  
And what chu know about dat Red Dog? Fuck yall  
That shit don't play it have you runnin' up da fuckin'

I drank until the circum up who da fuck is able  
Step up I jump yo' ass under da fuckin' table

[La Chat: Chorus]

All I wanna do is just smoke wit cha smoke wit cha  
Break down da weed smoke dope wit cha dope wit cha  
All I wanna do is just drank wit cha drank wit cha  
Get drunk, pass out, and faint wit cha faint wit cha (x1)

[La Chat: Verse 2]

I'm hollerin' at a dude say "Roll up some mo' to smoke"  
Try to keep my cool, but "damn dis some good dope"

"Wanna roll a joint?", "naw dog rollin' optimo"  
"Well wanna go smoke?", "i aint smokin' inless it's dro"  
Love to get high when I'm flexin' in my ride  
I keep my mean mug for da hatas outside  
You wanna get up wit' me all you gotta do is hit me  
I keep my two-way jumpin' gotta keep my pimpin'  
I'm full of dat pure, mayne we gone off dat grunja  
Drunk off dat beer, system full of marijuana  
Tryin' to hit my weed, but La Chat aint got nuttin' for ya'  
Can't smoke for free, so I'm gonna holla at cha  
I'm creepin' through da hood niggas try to flag me  
down  
I throw da W 'cause' I'm Westwood bound  
I'm feelin' good as hell mayne dis dro' has got me high  
My daily routine is to smoke and ri-ide

[La Chat: Chorus]

All I wanna do is just smoke wit cha smoke wit cha  
Break down da weed smoke dope wit cha dope wit cha  
All I wanna do is just drank wit cha drank wit cha  
Get drunk, pass out, and faint wit cha faint wit cha
