Your eyes, like a happy ending
My heart, black like the very lies you speak
And the thought that I'll never be the same.

Your eyes, like a happy ending
My heart, black like the very lies you speak
And the thought that I'll never be the same.

So give in to me, I've lost all my integrity.
So give in to me, (give in to me!) I've lost all my
integrity.

Forgive is another night, I try to walk away.
Forgive is another night, I try to walk away.
And in the distance the clouds will align, forming a
pattern you shouldn't
Combine.
And the only thought in my head was the true
understanding that we were all
Dead.
Ruiner, breathe free.

So give in to me, I've lost all my integrity.
So give in to me, (give in to me!) I've lost all my
integrity.

Cut down to size, they'll discover your lies when you're
hung from a cross,
Hung from a cross
And I doubt a surprise when you apologize as you're
hung from a cross.
It can get so lonely.
Listen and see the change brought to the sea as you're
hung from a cross.
Hung from a cross

Open your eyes and you'll soon realize that you're hung
from a cross.

When did it come down to this?

Walk away. (x4)

Falling apart. (x3)

Tied down by these sheets, we're drowning in our
sleep.

Fast asleep, dream and breathe for me.

Fast asleep, dream and breathe for me.
