## The Burning Of Rome ''Little Piranhas''

I swear if they see us TheyÂ're going to kill us Surely theyÂ'll feed us To little piranhas

O but God,
DonÂ't you drink that wine
It tastes of blood,
Fermented in barrels of pine
O know the want,
For these chemicals is high
But we must not,
Inject them until they are ripe

You gave them hope You gave them the best years of your lifeÂ...

TheyÂ're pulling the levers The gears are in reverse Come now my sister And head to the river

O hear the dams,
Break and watch the waters rise
TheyÂ're infested with piranha fry
O donÂ't pretend,
This is the end of our lives
Believe it or not,
These things happen all the time

TheyÂ've taken hope TheyÂ've taken the best years of your life

Is this the best sex youÂ've ever had? Is this the best book youÂ've ever read? Is this the loud silence? Is this the next best thing to death?
