Image of my soul
Confusing
Made into something

I know the sea
I must throw it away
No one is safe
In this sunlit today

So let's just pray
So let's just pray
So let's just pray
Together, together

Pray this will never let us down

Slowdown
Let me shell you
[Incomprehensible] seldom
Sells you

I know the sea
I must throw it away
No one is safe
In this sunlit today

So let's just pray
So let's just pray
So let's just pray
Together, together

Pray this will never let us down

Never let me down
Lets you down

Slowly I rise from my resting
Toying myself, fall back glistening
Sweat to the taste when you lick me
And stuck in a wasteland [Incomprehensible]

No

No, no, no, no
No

What is this?
Is that the timer?
Or was I [Inaudible]
