Anytime you need someone to hold on  
Even though it's only words of comfort  
Whatever you are doing  
You can always count on me  
Chemically induced hallucinations  
Do you want to heal or push the knife on  
I can be the only drug that you will ever need

I'll be your North your South  
Your East and West  
Your pillow, your wine  
And your Sunday's rest

When the Twilight sets in,  
I'll pin your curtains with stars  
Laughter always forgive and forget  
Oh, like a bubble at a touch  
I won't let you break  
I won't even pretend  
Cause you're the value of  
My Life's Arithmetic means

Trouble's that you share  
Are troubles halved  
I'll carry all the weight oh, turnaround  
I'll even share these dreams  
For fifteen thousand nights

I'll be your North your South  
Your East and West  
Your pillow, your wine  
And your Sunday's rest

When the Twilight sets in,  
I'll pin your curtains with stars  
Laughter always forgive and forget  
Oh, like a bubble at a touch  
I won't let you break

I won't even pretend  
Cause you're the value of

My Life's Arithmetic means

Cause you're the value of  
My life's arithmetic means
