We never young
Me old
Me run
Me cold

I was in a better place and you were there
Wish I knew a better place and you were there

Me get a life
Me find
Me leave
Behind

I was in a better place and you were there
Wish I knew a better place and you were there

They want you to want it
They want you to want it
They want you to hear it
They want you to hear it

They want you to want it
You can never have it
They want you to want it
You can never have it
They want you to hear it
I can never say it
They want you to hear it
I will never

Me get a life
Me find
Me leave
Behind

I was in a better place and you were there
Wish I knew a better place and you were there

I was in a better place and you were there
Wish I knew a better place and you were there

They want you to want it
You can never have it
They want you to want it
You can never have it
They want you to hear it
I can never say it
They want you to hear it
I will never

You can never have it
You can never have it
I can never say it
I will never
