Rhythm king, play the rhythm of my heart
Lead the dance, play the rhythm of my heart

No-one plays the rhythm like the king of rhythm king
of heart show me the way out of the darkness and
remind
me where my heart is
Lead the dance

No-one plays the rhythm like the king of rhythm king
of heart show me the way out of the darkness and
remind
me where my heart is
Rhythm king

There'll come a time
There'll come a time
When I will have the words for this
The words for this
