The pills, the chills, until it fills her still, the thrill,
No will to stop this feeling.
The lights, all night, the bass, no trace of pain,
No blame, no name, forever smiling.
The dawn all gone, the pain, the blame,
The taste, the waste, the haste of love is born.
Blank eyes are hard to ignore.
Can't bear to stare anymore.

The sun, the sun, can't bog the fog
The grey remains, it fades into everything.
Get up, get up, the clock won't stop,
Must talk to work, usurp the desperation.
Trucks zoom, day looms, smell fumes, loud boys, such
noise...
A car, a jar breaks on the street.
Blank eyes are so hard to meet.
Can't bear it's too much to see cuz,

She sings her ave maria.
What is this happening for?
And nothing seems to free her
Longing for more.

With friends, no friends, moods tent to fall and stall the
call,
It all means less than nothing.
It tears the glare of doubt, the shouts, just hear the
fears
And tears that ring in the head.
Time bides, hope dies, inside feel sore, long for the
date,
Must wait just one more week.
Blank eyes fill so easily.
Who's there to fill all the need but,

She's singing ave maria.
What is this happening for?
And nothing seems to free her,
Longing for more.

The pills, the chills, until it fills her still, the thrill,

No will to stop this feeling.
The lights, all night, the bass, no trace of pain,
No blame, no name, forever smiling.
The dawn all gone, the pain, the blame,
The taste, the waste, the haste of love is born.
Blank eyes are hard to ignore.
Can't bear to stare anymore.

She's singing ave maria.
What is this happening for?

She's singing ave maria.
What is this happening for?

She's singing ave maria.
What is this happening for?
And nothing seems to free her,
Longing for more.

She's singing ave maria.
What is this happening for?
And nothing seems to free her.
Longing...
